PROFESSIONAL SUMMARY

A motivated BCA graduate with a strong foundation in programming, web development, and database management, and a growing interest in software development, web application building, and cyber security. Skilled in C, Java, Python, HTML, CSS, JavaScript, and MySQL, with hands-on experience building full-stack projects that include payment gateway integration, live API data, and cloud-backed real-time features. Also bring practical exposure to sales operations, order dispatch, and recruitment. Dedicated to applying academic knowledge to real-world projects, continually improving technical abilities, and contributing effectively to organizational goals. Known for quick learning, problem-solving, and a commitment to delivering quality work.

WORK EXPERIENCE

Bench Sales Recruiter | Radiance Technology 22 June 2026 – Present

- Market available bench consultants to prospective clients and vendors for suitable IT staffing requirements.
- Source job openings through job portals and professional networks, and match candidate profiles to requirements.
- Coordinate with candidates and clients on submissions, follow-ups, and documentation to keep the hiring pipeline moving.

Sales and Dispatch | The Green Commerce 15 June 2026 – 15 August 2026

- Handled day-to-day sales activity, customer orders, and dispatch coordination to ensure timely deliveries.
- Maintained accurate sales and order records and supported invoicing and billing documentation.
- Communicated with customers and internal teams to resolve order queries and keep operations running smoothly.

TECHNICAL SKILLS

Programming: C, C++, Java, Python
Web Development: HTML, CSS, JavaScript, REST API Integration, Razorpay Payment Gateway, Firebase
Database: MySQL, DBMS
Concepts & Tools: Data Structures, OOP • VS Code, Git/GitHub, XAMPP, Netlify

PROJECTS

Tiffin Services Web App (Razorpay Integration) 2026

- Developed a full-stack Tiffin Services web application using HTML, CSS, and JavaScript.
- Integrated Razorpay payment gateway for secure and seamless online order payments.
- Implemented a live order tracking system allowing users to monitor their orders in real time.
- Built an order history feature enabling users to view and track all their previous orders.

SalesTracker Pro (Daily Sales Tracking Web App) 2026

- Built a self-contained web app for daily sales tracking with multi-day entry and customer and product rows.
- Added a Records view with card/table toggle and delete functionality, with data saved using localStorage.
- Implemented Excel export using SheetJS so sales data can be downloaded for reporting.

Weather App (API Integration) 2025

- Developed a responsive weather application using HTML, CSS, and JavaScript with real-time API integration.
- Integrated the OpenWeather API to fetch live temperature, humidity, wind speed, and conditions for any city.
- Implemented dynamic UI updates with weather icons, backgrounds, search history, and error handling.

EDUCATION

Indus University — Bachelor's Degree in Computer Application (BCA) 2026

Sharda Mandir Modern School — Completed Higher Education 2023
